

April 5, 2025

Spring is here!

Take a trip with MCPARC to Pittsburgh, PA to Phipps's Conservatory and Botanical Gardens. Each room is dedicated to a different signature spring bloom in this year's

edition Spring Flower Show. It will provide the burst of color and fragrance you've been missing all winter long. See stunning seasonal bloom, from tulips to pansies, lilies and more. You will get to appreciate the beauty and unique details of each flower.

Our next stop will be at the National Aviary. Enjoy an amazing collection of more than 500 exotic and endangered birds from nearly every continent. Walk through large habitats where birds fly freely, including tropical rainforest, wetlands, and grasslands. See sloths, owls and penguins, the impressive wingspan of giant condors, feeding time for rainbow lorikeets and the majestic hall of eagles. We will attend the live immersive bird show; birds will fly, strut and glide right by the audience, accompanied by dramatic video, theatrical lighting and thrilling music.

The cost for this trip is \$115.00 per person and will include: the roundtrip bus ride, guided tour of Phipps's Conservatory, a box lunch, exploring, and an immersive bird show at the National Aviary. A non-refundable deposit of \$50.00 to reserve your spot is due at the time of your reservation. The balance in full will be due March 5, 2025.

The bus will leave Fairmont Walmart Parking lot at 7:15 am on Saturday April 5, 2025. The return ETA is 5:30 pm.
